DETAILED ACTION

1. Claims 1-12 are in the application.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The use of multiple alternative phrases, “and/or”, claim 1, lines 2, for example, “at or near”, claim 1, line 18, “the first or the second”, line 21, make these claims indefinite.

The above are merely examples.

In claim 2, line 2, there is no proper antecedent for “the buoy”.

In claim 9, line 2, there is no proper antecedent for “the transfer structure”.

In claim 12, lines 11, 17, and 19 there is no proper antecedent for “the reel”.

Allowable Subject Matter

4. Claims 1-12 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Karl (4,315,408) and Wille et al (6,997,643) disclose cryogenic transfer systems.
